**Applications:**

- fireproof sealing, carpets, ceilings holding and other applications where a pressure-sensitive tape is needed.

**Color:** White

**Product Sizes:**

1. Jumbo roll size: 1040mm (usable 1020mm) X 600m X 110mesh
2. Cut size: As per customer requirements

**Storage and Usage Conditions:**

- Tape should be stored in a cool (15°C ~ 35°C), dry (40% ~ 75% Humidity) area away from direct sunlight, air conditioner and other heat sources.
- Tape jumbos should be placed vertically in well package and avoid to be pressed against glue surface.
- Tape should be used within 6 months from date of production. Surfaces to which tape is applied should be clean, dry and free of grease, oil, moisture, dirt and other contaminants.

**Remarks:**

- The physical and performance characteristics shown above are obtained from tests recommended by GB standard and Smith Company’s Research & Development Department and do not represent a guarantee of product performance.
- Individual rolls may vary slightly from the above values. The user should try use and determine whether the product is suitable for his particular applications. There is no warranty of fitness for a particular purpose.
- We reserve the right to make changes without notice or obligation in our products and publications.
- It is always recommended for customer to trial use for their specific applications before large quantity.

**Issuance date:** 2016—03—15  
**Version#:** B/0
